MEMORANDUM FOR: Mr. [REDACTED]  
SSA/DDS

SUBJECT : Presentation for the Chiefs of Station Seminar

1. In response to your request of 20 February 1968 for student critiques of the presentation given by Mr. [REDACTED] on "Support to the Field as Viewed by a Division Chief of Support" on 7 February 1968, quotations from student critique forms are attached herewith. You will note that they are uniformly laudatory, and the entire presentation is considered a necessity for future Seminars. I have noted only nine of eighteen possible comments because the remainder were repeats of those listed.

2. One point which was raised by the students, and which Mr. [REDACTED] perhaps brought to your attention, was that of inserting something in the comments which would help the outgoing Chief of Base. The COB should be apprised of his responsibilities in relation to the COS and independent of the COS. The inclusion of such comments in the next running of the Seminar would further enhance this support presentation and add to its already great value.

3. Finally, I want to thank you for your participation in the preparation of the presentation and your work in pulling together examples of many of the problems and their solutions which face the COS in the field. This lecture was definitely one of the high spots of the Seminar.
